DOXY™

NUMBER 3

DOXY Number 3 - Mains Powered Body Wand

The DOXY Number 3 is the new smaller plug-in wand massager. Lighter to hold and easier to manoeuvre. The smaller head allows the user to guide the vibrations more accurately to the desired area of contact and is less obtrusive making for easier couple play. Although smaller in size, DOXY Number 3 still delivers the power and deep rumbly vibrations for which DOXY is known.
